Wine remains one of the most widely gifted products due to its versatility as it can be tailor-made to suit any occasion and budget, from a small thank you, to a grand gesture.

In the trade we tend to only think of gifting at key seasonal times of the year, but by adding a selected gifting section to your offering means you can add value to your customers all year round. After all, it's somebody's birthday every day of the year!

To allow you to meet all levels of your customers' spending, the team here at Findlater & Co have crafted this gift catalogue to bring together over 100 products from our partners from all around the world. So, whether you need a selection of single bottles, large bottles of champagne, wooden cased fine-wine or a branded twin-pack we have everything that you could wish for here

As always, we offer volume discounts, so please contact your local Findlater & Co Sales Rep who will be more than happy to quote you directly for larger orders.

Richard Moriarty,
Wine Director, Findlater & Co.

German Minerality

For over 200 years the Kuhn family have been at the forefront of viticulture & winemaking in Germany. With a keen feeling of responsibility, in 2004 they moved their entire production to biodynamics. The wines are a delight and are exemplars of those oft-used wine terms, 'minerality' and 'freshness'.
